Losses Caused by Heavy Corn and Oats Strengthen

NOTE—All market news on prices (unless buy or bid be this page reflects closing sale specified) Friday, June &

wheat. There was also adverse weather in France and Egypt. Smallness of shipments also counted against the appearance of strength lent by the brisk demand and general rise during the early trading, the market was not lowered the close of the foremoon there was a renewed outburst of selling. Prices were borne down swiftly below restorday's close and a number of new low records for the long decline were reached.

General speculative conditions were disposed to attribute the early improvement to temporary oversoid condition. Boolsted points of weathers appeared, while the market was forging upward and the amminist of the seatured declines uithmately was a factor in bearing down the whole list.

Bonds were heavy.
For a time after midday the list broke badly, Atchison, Chesapeake & Onio, Lehigh, Southern Pacific and Steel selling, from one to two points under yesterday's closing.

Severe declines were also made in a long list of obscure shares. Scale buying erners then began to make their presence felt, and the list eventually rallied a substantial fraction with nowever, a large contraction in the rolume of business on the rise.

Accumulation went on steadily in the afternoon and the persistence of the market contraction in the rolume of business on the rise.
